PREFACE

Shortly after the Williams County Genealogical Society was created in May, 1981, the membership planned the long-range objective of publishing the tombstone inscriptions of the county's cemeteries. The plan began to take shape when Marshall Robinette's cemetery materials were donated to the Society. With this data, we began the long process of checking names, dates, and other records to the existing tombstones of the cemeteries located in Brady Township.

The cemeteries were read by rows thereby keeping the family relationships through the position of burial plots to the surrounding stones. Once this was accomplished the work of typing the data was performed and the every-name index was prepared and placed at the end of this volume for easy usage.

The following abbreviations were employed for greater efficiency when the data was compiled:

b.	born	h/o	husband of
d.	died	w/o	wife of
m.	married	m/o	mother of
ae	age	f/o	father of
y	year(s)	s/o	son of
m	month(s)	d/o	daughter of
d	day(s)	br/o	brother of
		sis/o	sister of

The W.C.G.S. hopes to publish future cemetery volumes, in order to preserve these basic genealogical materials. If the reader finds any material which is not correct, he/she is welcome to submit said correction(s) to W.C.G.S.

In conclusion, the reader must understand that the data included here was taken from the tombstones <u>exactly</u> as it appeared. If additional material was known it was placed in parentheses ( ) to augment the compilation. It is possible that a person might be buried in one of these cemeteries and not have a tombstone; therefore the cemetery data for this person would probably not be found in this volume.

In addition to the on-site checking of the stones by the workers listed elsewhere, we have drawn upon some of the records compiled by Richard Cooley, Kermit Hillard and the late Esther Bowers.

The smaller outlying cemeteries in Brady Township have either no existing records or were not found. Certainly there were many more burials than there are stones at this time. In the older cemeteries some stones are broken, pieces missing or buried under the sod. These were read to the best of our ability with the possibility of error.

BEATTY

BEATTY CEMETERY

The Beatty Cemetery is located on the E1/2 of Section 3 in Brady Township on the north side of US 20A about 1/2 mile east of CR 22, then approximately 300 yards to the north.

From West Unity, go east on #20A to about 1/2 mile east of CR 22 to the farm buildings at 22-227 Rd 20A on the north side of the road.

This is an abandoned cemetery with no access road to it. One can walk to it, though by going north along the east edge of the house yard at 22-227, then along the barnyard fence for probably a total of 300 yards. The cemetery is on the left side and is overgrown with brush and briar bushes. A large TAYLOR monument among the tall weeds will probably be the only sign that you are at the cemetery. Many of the stones still to be found are on the ground and at least partially buried.

According to the Cemeteries of Williams County compiled by Mr. Kermit Hillard, Vol. 2...."September 25, 1856, Abner Ayers and wife deeded a parcel of land to:---George Beatty, William Ayers, and John McLaughlin, Trustees in trust and their successors in office. Said land is deeded and conveyed to the said Trustees as above mentioned and their successors in office as Trustees in trust of said land to be exclusively for the purpose of a burying ground."

The first known burial was of Daniel Ayers son of A. and Clarissa Ayers who died Jan. 7, at age 5. The last is said to have been a Smith child who died in 1891.

Some of the known family names of people buried in this cemetery are -- TAYLOR, McCOLLUM, SHETLER, AYERS, SHOEMAKER, OSMUN, CARPENTER, BEATTY, McLAUGHLIN, AND SMITH. Perhaps there were many more. Many of the bodies were later removed to other cemeteries. In some cases the bodies were left in the Beatty Cemetery but the markers were moved to other cemeteries.

The cemetery was turned over to the Brady Township Trustees on March 29, 1950.

In addition to the above 1993 findings, Mrs. Esther Bowers, West unity had found stones in 1967 for:

CARPENTER, Emily J., d/o A. & J. Carpenter, d. Oct. 2, 1855, ae 2m, 8m.
AYRES, Daniel, s/o A. & Clarissa Ayers, d. Jan. 7, 1838.

ELY

ELY CEMETERY

The Ely Cemetery is located in the NW¼ Sec. 34N in Brady Township and lies on the east side of CR 22-30 about ¼ mile north of CR M-50.

From West Unity, go north on St. Rt. 127 a mile and a half to CR M-50. Turn east. Go one mile to CR 22-30. Turn north (left) about ¼ mile to the farm buildings at 13-870 Rd. 22-30. The cemetery is probably 400 yards east (behind) these buildings. It is abandoned and has no access road to it. It is up on a wooded knoll with the stones quite scattered and requires a difficult walk across a field to it. Many of the stones that can be located are on the ground and at least partially buried. According to the booklet, "100th Anniversary of the West Franklin United Methodist Church 1875-1975," many of those buried there were later moved to other cemeteries. Mrs. Marjorie (Hershiser) Hartman (1900-1986) remembered that as a child, she watched graves being transported past their house from this cemetery to the Presbyterian Cemetery and she was very frightened.

According to the Asher Ely Cemetery notes of Edwin D. Stoltz, this graveyard was laid out in 1843 on land given by Asher Ely and since that time has been known as the Asher Ely Cemetery. The first burial was Asher Bird who died October 15, 1843.

The following markers are all that can be found at this time.

Found in the small grove of trees.

Stone No.

1 **BATES,** Oliver. s/o J. & R. Bates; d. Jan. 19, 1850; ae. 2y, 11d.

2 **BATES,** Harriet. w/o Joseph Bates; d. March 20, 1845; ae. 56y.

3 **H.B.** (small stone - nothing more)

4 **G.W.R.** (initials on top of stone)

5 **BIRD,** Cecelia Q. d/o A. E. & C. Bird; Nov. 24, 1851; 16y, 6m, 21d. (stone broken in two)

6 (small stone - nothing legible)

7 **BIRD,** Catherine. w/o A. E. Bird; d. Feb. 6, 1854; ae. 47y, 5m, 29d.

8 **HARTMAN,** Loviney. d/o O. & J. Hartman; d. Apr. 1, 1849; ae. 1m, 20d.

9 **SCHOONOVER,** Joseph. s/o J. L. Schoonover; d. July 31, 1850; aged 12y, 8m.

The following two were found some distance south of the grove, near a fence at edge of a field.

Stone No.

10 **KARR,** David. (Not too certain of last name; stone broken through last part.) b. in Dauphin Co., Pa.; d. Aug. 29, 1876; ae. 80y, 5m, 24d.

11 Base of a stone right beside the above - and about the same size. We could not find a top part to it.

The following two stones were found just east of the farm house (on farm where cemetery is located) being used, face down, as stepping stones to a shed.

Stone No.

12 **ELY,** Martha Ann. w/o Asher Ely (Jr.); d. Sept. 25, 1864; aged 42y, 7m, 26d.

13 **ELY,** Phebe A. w/o Asher Ely (Jr.); d. Mar. 19, 1887; aged 56y, 4m, 6d.

Apparently, these recycled stones were no longer needed because we find in "Tombstone Inscriptions - Fulton County, Ohio Vol. 1," p. 134 that Asher Ely 1822-1899; Martha, his wife 1822-1864; Phebe A., his wife 1830-1887; Mary A., d/o A. and M. A. Ely 1843-1864 and Inf. s/o A. and P. A. Ely ____-1867 are buried in Row 3 of the West Franklin Cemetery.

An interesting story is told in the West Franklin Church booklet concerning Martha Borton Ely who was a faithful member of the Friends Church. "She attended so constantly that her dog, who always accompanied her, became so used to going that after her death it would start out alone and go to the church. It would remain until after the meeting closed and then return home."

ELY CEMETERY

It is really quite remarkable that in this age of tear-it-down-and-build-something-new, now, nearly 130 years later, just a quarter mile across the field from Martha's first resting place, one can stand at that very same Quaker Church door and imagine her faithful dog lying there, still waiting.

FLORAL GROVE CEMETERY

Floral Grove Cemetery is located in the NE¼ of NW¼ Section 16 in Brady Township on the south side of County Road K about ½ mile east of County Road 21.

From West Unity, go a mile south on St. Route 191 to County Road K. Turn east (left). Go about 1¼ miles to the cemetery.

The cemetery flanks three sides of the German Methodist Episcopal Church which was built in 1869. According to the historical review given by Mrs. Richard Suter at the 100th Anniversary of the church on August 17, 1969, an earlier frame church had been built in 1851 and there were already three burials before that time. A son of Jacob Pettit and a son and daughter of Benjamin Combs were buried there in 1850. Many of the oldest tombstones are now broken, very difficult to read or even no longer legible at all.

The cemetery is currently used and is well maintained. Because new graves will be added as time goes on, the Stone Numbers within the rows (as used in the following material) may change. However, one should have very little trouble in locating the stone being sought when you know the section and row.

Although the church is no longer used for services, it is open to visitors during the summer daylight hours and a visit to it is a delightful trip into the past.

SECTION 1a: Located at NW corner of cemetery. Stones were read from north to south. Row 1 #1 stone is at NW corner of the section; 3 rows.
Please Note: There is a Sec. 1a and a Sec. 1A in this cemetery. Don't be confused. This is Sec. 1a. See map.

FRIENDS or QUAKER CEMETERY

The Quaker Cemetery is located on the NE¼ Sec. 34N Brady Township and is on the east side of County Road 21N approximately ½ mile north of County Road M-50.

From West Unity, go east on Route 20A about 2½ miles to County Road 21N. Turn north (left). Go about two miles to the cemetery which is well-kept and easily accessible.

The Friends Church, the oldest known church building in Williams County, was built in 1850 and still stands at the south edge of the cemetery. The birch trees at the south of the church were planted in 1903. A full story concerning this church can be found in the 1978 Williams County History.

According to Historian A.W. Fisher's account of the Quaker Cemetery, it dates from 1847 and is on land given by Job Borton with the first burial being that of Reuben Borton who died May 14, 1847. However, the oldest stone found here is that of Isaac Borton dated Nov. 10, 1844. There is no record as to whether or not he was buried elsewhere first. The last burial was in 1961 and the cemetery was turned over to the Brady Township Trustees on Sept. 10, 1967.

According to Mrs. Willard Clark of near West Unity, there are only two plots in this cemetery that are not burial places of ancestors of hers. We are using, parenthetically, facts from her records that are not found on the tombstones.

Quoting from Mrs. Clark's records... "Many of these older people whose wives or husbands are not buried here, had migrated to this part of the country leaving their spouses buried "back East". Many of the couples had children buried elsewhere before coming here. Out of necessity often times, when a man lost his wife, he married again within a few weeks, in need of someone to care for his children. In many cases he married a widow with children who needed a provider for her offspring, thus creating a family of three sets of children. It was very common to marry a brother's widow, a stepsister, etc., creating an almost impossible task of deciphering their relationship and adding to this, was the fact that so many descendants were named after their parents and grandparents."

JUILLARD

(also known as)

SNOW/BODEL/MC INTIRE

JUILLARD CEMETERY
(Also Known As Snow, Bodel or McIntire Cemetery)

The Juillard Cemetery is located in the NW¼ Sec. 31S, Brady Township and is on the south side of County Road H a short distance west of County Road 19-50.

From West Unity, go southwest on State Route 127 a half mile to County Road 19-50. Turn south (left) and go about 3½ miles to County Road H. Turn west (right). Go a short distance to the cemetery which is on a grassy knoll on the south side just beyond Leatherwood Creek. It is an abandoned cemetery but now, being a part of a cattle pasture, appears clean and accessible. Unfortunately, there are no stones to be seen. The only remaining stone (Elizabeth McIntire) is now (1990) flat on the ground.

In previous records of Mr. Kermit Hillard and Mr. T.E. Doughten the following stones were still to be found:

1. two small grave stones marked "**SNOW** Children"
2. Samuel **SNOW**, died March 4th, 1847; 32 years, 10 months, & 4 days
3. Elizabeth Warren **McINTIRE**, born 1827; died March 25, 1868
4. Infants **KUNKLE** died 1855

From Mr. Doughten's records we read "Almost all of the graves are unmarked today, but my late grandmother, Mrs. Sheldon Garfield Doughten (nee Ella Eliza Hamet 1878-1980) who grew up on the Hamet farm just down the road from the cemetery has told me many times that there were (are) between 75 and 100 people buried there, most of the graves being marked with just wooden crosses."

Also from the records, he quotes from a letter written by Katherine Warren Starr (1855-1953) in which she says "Then Uncle John Warren (1814-1895) got my Father (William H. Warren 1808-1876) to sell him 80 acres of his place. Then he built a cabin on it. He and Grandmother (Rachel Stevens Warren 1778-1853), Uncle Solomon (1821-1850) and Aunt Elizabeth (1827-1868) moved there. Then, Uncle Solomon died, then Grandmother. They are burried on the place of Harvey Juillard." Then, speaking later of Elizabeth, she wrote "She married William (probably should be James) MacIntire but only lived a few years and is burried with the rest...." So, we can add two more names to those already known to be buried here....

5. Solomon **WARREN** 1821-1850 - s/o John & Rachel Warren
6. Rachel Stevens **WARREN** 1778-1853 - w/o John Warren

A further search brought to light two other tombstones at the Juillard residence. They are....

7. Harvey **SNOW** - s/o W.H. & C.M. Snow; died Aug. 11, 1855; ae. 2y
8. TWO Infant Children of J. & C. **KUNKLE**; d. July 12, 1855

LOCKPORT CEMETERY

The Lockport Cemetery is located in the SE1/4 of the NW1/4 of Section 22 in Brady Township and is at the intersection of CR 21N and CR I 25.

From West Unity, go east on US 20A about 2 1/2 miles to CR 21N. Turn south (right) and go about 2 3/4 miles to CR I 25.

According to the 1978 Williams County History, the early settlers of the Amish Mennonite faith came to the Lockport area in 1834. Peter Stuckey, a miller, chose a tract of land on Bean Creek (Tiffin River). As other families settled in the area, they attended church every two weeks in the homes of the brethren. As their numbers increased, there was a need and a desire for a meeting house in the "west end" of the Amish settlement. It was decided to build the new meeting house at the crossroads on the edge of the western part of the Amish Mennonite community and to call the church "Lockport".

The first Lockport Mennonite Church was opened August 23, 1908, and was remodeled and enlarged in 1930. Still later, an all-new church was dedicated on April 7, 1963 and an addition was completed in 1977. The old church was moved away.

The cemetery lies directly north of the church. A few of the early burials were Luis D. Miller in 1843, Catherine Short in 1845 and Peter Stuckey in 1846 who are buried on the north hill.

The cemetery is currently used and is beautifully cared for. Because new graves will be added as time goes on, the Stone Numbers within the rows (as used in the following material) may change. However, when the section and row is known one should have no trouble in locating the stone being sought.

The West Section lies west of the westernmost concrete drive and the arbitrary extensions of it (see map).

RINGS CEMETERY

The Rings Cemetery is located on US #127 at the north edge of West Unity, on the east side of the road. It is no longer used but is kept mowed by the Brady Township Trustees and is easily accessible. Many of the stones are broken or down and nearly all are very hard to read.

According to Richard Cooley's History of Williams County Cemeteries, "The cemetery is claimed to be the exact spot where Ohio troops and the surveyors encamped for a short while during a portion of the 'Ohio-Michigan War of 1835'. It is also claimed Confederate General Robert E. Lee was part of this survey team."

The cemetery was transferred from George Rings to the Brady Twp. Trustees on November 27, 1886.

A Revolutionary War soldier, James Hagerman, is buried here.

Please Note: Since some of the rows are laid out at an angle following the "Angling Road" (US #127), it makes the exact copying of the stones in the different rows, as shown on the map, very difficult. As you look down what appears to be Row 2 of the stones, you are actually seeing Rows 2, 3 and 4 merged into one row. As a result, we have treated them as one row in our recording but have left the row numbering of the other rows as shown on the map.

The "Stone No." refers to the actual stones you see as you look down the row. There are many empty spaces between stones in some rows.

Beginning at the cannon, southwest corner, next to the road:

PREFACE

Shortly after the Williams County Genealogical Society was organized in May 1981, the membership planned the long-range objective of publishing the tombstone inscriptions of the county's cemeteries. The plan began to take shape when Marshall Robinette's Cemetery materials were donated to the Society. With this data, which we used as a foundation, we began the long process of transferring the information his records supplied us to our own 3 x 5 index cards. Through a series of "cemetery parties" we collectively/individually checked the names, dates, and other records from the existing tombstones of the cemeteries located in Jefferson Township. We began with that township basically because of Shiffler Cemetery, which is one of the largest and had no existing record (tombstone by tombstone) in any area genealogical holdings.

After the data was check and re-checked, the information was organized, if possible, as to how the tombstones were found, thereby giving the "user" a better idea of family relationships through the position of burial plots to the surrounding stones. Once this was accomplished the tedious work of typing the card data onto sheets was performed. From the sheets we then indexed by surname all the entries from the six cemeteries in Jefferson Township. This surname index was then typed and placed at the end of this volume for easy usage.

The following abbreviations were employed for greater efficiency when the data was compiled:

b.	born	h/o	husband of
d.	died	w/o	wife of
m.	married	m/o	mother of
ae	age	f/o	father of
y	year(s)	s/o	son of
m	month(s)	d/o	daughter of
d	day(s)	br/o	brother of
		sis/o	sister of

The W.C.G.S. hopes to publish future cemetery volumes in order to preserve these basic genealogical materials. If the reader finds any material which is not correct, he/she is welcome to submit said correction(s) to W.C.G.S.

In conclusion, the reader must understand that the data included here was taken from the tombstones exactly as it appeared. If additional material was known it was placed in parentheses ( ) to augment the compilation. It is possible that a person might be buried in one of these cemeteries and not have a tombstone; therefore the cemetery data for this person would probably not be found in this volume. Most of the cemeteries in Jefferson Township have either no existing records, or records only for post W.W. II burials.
